

Dukesfield Smelters and Carriers Project

Allendale Primary School

Reasons for getting involved:

- ▶ New School
- ▶ Curriculum
- ▶ People
- ▶ Personal
- ▶ ...?

Putting the project into context:

- ▶ Classroom based learning
- ▶ Fieldtrip down a leadmine
- ▶ Fieldtrip to Allenheads
- ▶ Fieldtrip to Dukesfield Arches
- ▶ Creative day at school

Nenthead and Killhope Leadmines

Tynebottom Leadmine

Allenheads

Dukesfield Arches

Dukesfield Arches

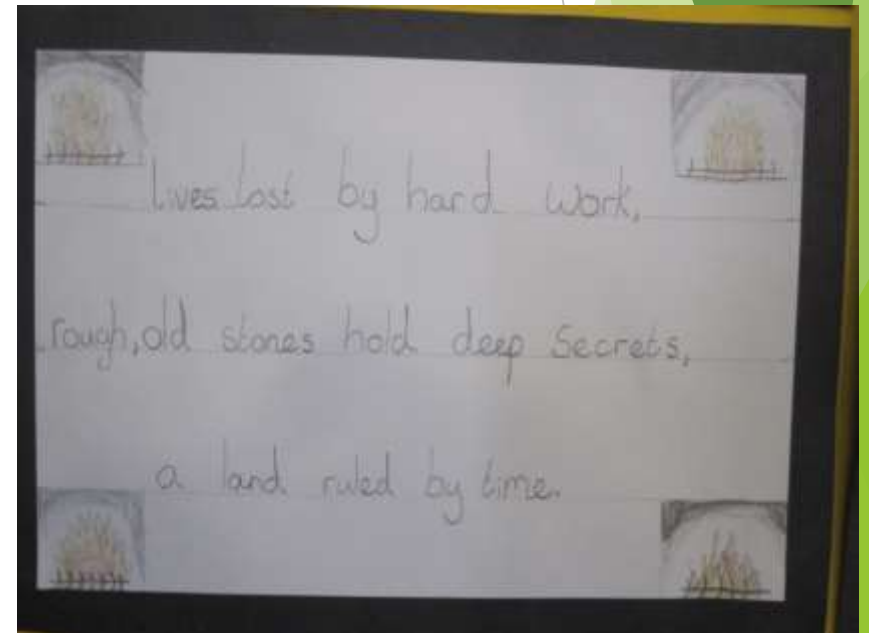

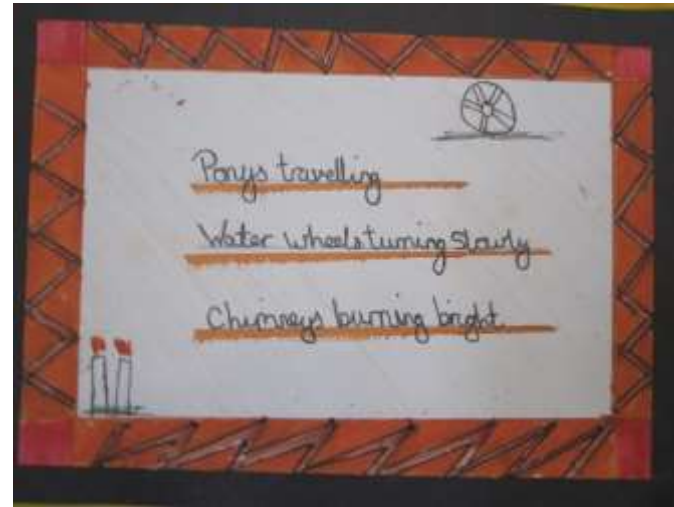

Dukesfield Arches

Creative Day

What the pupils said...

“I enjoyed learning more about the lead industry and its importance to the local area.”

“The digging inspired me to look at old buildings and objects in a different way.”

“The sketching inspired me to buy a notebook. I have been sketching outdoors and I often look out of my bedroom window and write poems about the things I see.”

The classic quote...

“The project inspired me to make a mine in my back garden. I’ve made a drilling machine to help with the tunnelling. It’s quite deep now. I’ve found some crystals and maybe some galena.”

Thank you Dukesfield...
