

Allenheads Village Mining Trail

The Purple star is the Heritage Centre and art gallery.

What are the nine mining locations marked with red stars?

Take care when you cross the roads!

	What is here?	
1		What went underground here? What did they do?
2		Why did Thomas Sopwith build it on the corner?
3		How did the miners get underground here?
4		Why is the water orange?
5		What does <i>hemmel</i> mean? What animals were once housed here?
6		What powers these engines? Where was the machinery they ran?
7		Which tools in the workshop do you like best? Why?
8		What is on the rails outside the Inn? Where do you think they came from?
9		Why is this at the centre of the village?
